SUMMARY

Motivated second-year Applied Computer Science student with a passion for game development, multimedia design, and software engineering. A fast learner with a strong work ethic, eager to contribute technical skills, creativity, and problem-solving abilities in a dynamic internship or entry-level role within the tech industry. Committed to working hard to gain valuable experience in the field.

EDUCATION

COLLEGE OF ECONOMICS AND COMPUTER SCIENCE, CRACOW (October 2023 - March 2027)

Bachelor of Applied Computer Science (concentration: Computer Games and Multimedia)

PROFESSIONAL EXPERIENCE AND OWN PROJECTS

Project: Shrek Platformer

A simple 3D platformer with Shrek as the main character. The main goal is to navigate a path with obstacles. This project includes three types of obstacles: a spinning cylinder with spikes, a hammer, and spinning blades.

Gameplay: <https://www.youtube.com/watch?v=5WRJO9A8Y6k>

Project: Password Manager

Built a robust password management tool with features like password generation and secure storage. Focused on usability and security, incorporating encryption techniques for user data protection.
